

My Trip To: *New York City*

Hi Santiago! Let me tell you about my trip to New York City. It was wonderful! I landed at John F. Kennedy airport early in the morning and grabbed my heavy luggage. I went outside to take a taxi, but I realised that I had lost my passport. So, I went back inside and a lady was holding it in her hands! Phew! That was lucky! After I took a taxi, I found myself next to the famous attraction, The Statue of Liberty. But that was after I went on a ferry, because the attraction is on an island. After that, I went back to Manhattan and I used my map carefully. As you can imagine, I was quite hungry. So, I found a local food cart and I ate an entire pizza by myself. That was my trip to New York City.

Movie Night with the Girls

Melinda, Lisa, Sophie and Kennedy agreed to watch a movie at home. Kennedy and Lisa wanted to watch a horror movie. However, Melinda and Sophie wanted to watch a romantic movie. Kennedy and Lisa wanted to watch a horror movie because they love vampires, zombies and ghosts. The other two hate horror films and therefore wanted to watch a romantic movie. They were so upset with each other that they argued but then they became sad, because they were best friends. So, they agreed to find another film.

They ended up watching "Twilight," because it is both a horror movie and a romantic movie. The girls had sweets and coke, but they forgot the most important thing: popcorn. They laughed about it. The movie was over and the girls absolutely love it!

Why did Kennedy and Lisa want to watch horror movies?

What is the problem?

Why did they agree on watching "Twilight" ?

How many stars do you think the girls rated the movie? ★ ★ ★ ★ ★
