# Spilleregler

Antal spillere: 2-3.

Du skal bruge: 2 terninger og nogle små brikker til at lægge over billederne.

Spil lydspillet således:

I skiftes til at slå med terningen. Antallet af øjnene på terningen afgør, hvilket bogstav du skal finde. Du skal nu finde et billede, hvor tegningen starter med bogstavet. Stil nu en af dine brikker på.

Fx. K - stil en brik på kat.

Den der først får 4 på stribe vinder.
