

Lyt efter lyden 2

Navn: _____

Klasse: _____

Skriv den rigtige vokal på linjen

Dette hæfte handler om vokaler, som er de røde bogstaver i alfabetet. Vokalers lyd dannes med åbne luftveje, og de kan nærmest lyde syngende. Der findes ingen ord uden vokaler.

Skriv den rigtige vokal på linjen

Nogle vokaler ændrer lyd alt efter, hvilket ord det indgår i.
F.eks. lyder "e"-lyden i "le" og "læbe" meget forskelligt.

Skriv den rigtige vokal på linjen

Når man skal lytte efter en vokallyd, er det en god idé at sige ordet højt for sig selv. Så er det lidt lettere at høre hvilken vokal der er i ordet.
